Subject: Submission re: Complaint 091025

Dear Governance Review team,

I write regarding Complaint 091025.

I was deeply unsatisfied with the outcome. There has been no clarification by the Press Gazette regarding the inaccuracy of this article.

That the panel deemed it unnecessary for apology, given this undoubtable inaccuracy is a terrible and false slur on my character, is perplexing.

Not only did I show the PCC how the information was presented inaccurately and out of context but I also presented evidence the reporter had taken notes of just a quarter of proceedings at the relevant time.

If a fully trained and experienced journalist cannot elicit a reasonable resolution through your self-regulatory body then I do not consider a member of general public would have much of a chance.

Kindly consider the documents presented in this matter and include them in your governance review.

My apologies for not sending this submission as a word document or including the relevant material for your perusal. I have very recently started using an apple mac computer without the Word application. Access to the specific documents I submitted to the PCC are currently unavailable due to technical error.

I hope you will consider my case and use it to create a model which will bring greater satisfaction to genuine complainants.

Please let me know if you would like me to send the documents in due course.

Yours sincerely,

Jane Denny
