I support these five suggestions:

1. Like-for-like placement of retractions, corrections and apologies in print and online (as standard).
2. Original or redirected URLs for retractions, corrections & apologies online (as standard).
3. The current Code contains no reference to headlines, and this loophole should be closed immediately.
4. Sources to be credited unless they do not wish to be credited or require anonymity/protection.
5. A longer and more interactive consultation period for open discussion of more fundamental issues.
